

# The Effect of **HOME WORK**

What should we be doing at home? That is the most common question that I'm asked during parent meetings

**"WHAT SHOULD WE BE DOING AT HOME?"**

Every single parent, ever

Parents are the most important people in a child's life, and you are pivotal in ensuring that the skills and gains made in therapy are generalized into your child's everyday life.

**HAVE FUN!**

Simple, right? Not always

**PAY ATTENTION.**

Be a detective

**LABEL FEELINGS**

Label your child's feelings

It is only through a strong partnership with a family when we see the most success happen.

**"CHILDREN LEARN WHAT THEY LIVE AND LIVE WHAT THEY LEARN."**
